

Contractor PRO™ Distributor Partner

Partner with Honeywell and reap the benefits of the best contractor loyalty program of the industry!

Become A Contractor PRO™ Distributor Partner And:

- **Increase your customers' loyalty** — By becoming a distributor partner and managing Contractor PRO members' account, your customers will be encouraged to buy more Honeywell products at your store.
- **Increase your bottom line** — With more sales of Honeywell products through increasing customer loyalty.
- **Manage it easily** — As simple as sending a monthly report to our Contractor PRO team.

How to become a Contractor PRO Distributor Partner

Contact your Honeywell sales representative to get started quickly.

How to Log Points for Members

Thanks to a simple template logging in points for your members and loyal contractors is easy.

1. Get the spreadsheet and instructions from your Honeywell sales representative;
2. Follow the instructions to generate the spreadsheet monthly or quarterly;
3. Send the spread sheet to our Contractor PRO team via email monthly.
4. Our team will update members' accounts.

How to Redeem Points-for-Product Certificates

To use their points, members need to transform their points into Points-For-Products Certificates, via the program website. They will use those certificates to pay for Honeywell products*. To redeem certificates:

1. Fill out the bottom part of the certificate with your branch information;
2. Once filled out, fax the certificate with the related invoice to Contractor PRO at 763-954-4097.
3. Contractor PRO will credit your account for the value of the certificate within the next 2-3 weeks.

*If the value of the certificate is less than that of the invoice, the contractor must pay for the difference.
