60-DAY DATED BILLING WITH \$1,500 ORDER

- Eligible for new and existing accounts in good credit standing with minimum qualifying order of \$1,500. BUY NOW, SERVICE UNITS. PAY LATER.

DISCOUNT PRICE FOR ALL CATALOG ITEMS

- Must place a minimum buy-in order of \$1,500 before tax during program buy-in period from items included in the spring preseason promotion. Buy-in period is from April 16, 2026, through May 15, 2026.

WE COME TO YOUR JOB SITE OR LOCATION

- Save time and money by letting Winstel Controls/Morrow Control come to you. We can even presort your order by truck so all you do is grab and go.

DON'T USE IT? WE WILL TAKE IT BACK WITH NO RE-STOCK FEES

- Winstel Controls/Morrow Control guarantees your investment with a 100% buy-back guarantee on all preseason parts ordered. Items must be new and unused, in re-sellable condition, and returned by September 15, 2026. Items are subject to standard restocking fees after this date.

CONTACT YOUR SALES REPRESENTATIVE OR BRANCH WITH PROGRAM QUESTIONS

- Extra dating is subject to credit terms and approval. Accounts must be current and in good standing to qualify for special payment terms and preseason incentives.
- Items not included in this spring preseason book cannot be combined on the spring preseason order towards total qualifying order or special payment terms. Only those items featured on the Spring Preseason order form are eligible towards Spring Preseason Buy-In and Extra Dating.

SUBSTITUTIONS

In the case of backorders, substitutions may be made to provide product in a timely manner. Any substitutions will be made with similar or better products.

PRICE CHANGES

We don't anticipate any changes to be made but prices are subject to change if Manufacturers announce adjustments.

Auto Shutoff Valves

The SVW is a compact, battery-operated Wireless Solenoid Valve with “IN” and “OUT” 1/4” SAE male ports designed to quickly open or close, thereby precisely metering a gas or liquid flowing through connected hoses.

The SVW can be used for MANUAL Charging, Recovery or Evacuation procedures. It may also be used for AUTOMATIC Charging and Recovery when Bluetooth paired with a mobile device running the CPS Link app.

Power Whips

This is the perfect accessory for today's furnace installs and replacements. The pre-wired whip allows for quick and easy install of residential equipment. We've added a switch to the circuit for easy future servicing. Air cleaners, humidifiers, UV lights, and other service accessories are requested now more than ever - that's why we've added an always powered, tamper proof GFCI plug to the switch box.

Capacitors

Not all capacitors are built the same. Take it to the **PRO** level. At 60,000 hours of operational life, **Titan PRO™** Professional Grade Motor Run Capacitors get the job done by outperforming standard motor run capacitors of similar value by 83%!

- **RELIABLE**
 - 60,000 hours operational life
- **FLEXIBLE**
 - Titan PRO™ 440/370 volt design reduces inventory
 - Titan PRO™ 370 volt offers best in class value
- **COMPLIANT**
 - Built to the toughest international standards for AC motor run capacitors including EIA-456-A and IEC 60252-1:2001
- **TESTED**
 - 100% electrical testing
- **REINFORCED**
 - Heavy-edged metallized polypropylene film is used for the dielectric
 - Proprietary bio-degradable oil

Capacitors - USA

Packard has received the call to create a USA-made capacitor to provide contractors with confidence on the job. Our answer is Titan HD™. With a substantial 60,000 hours of operating life, it is just as hardworking as those who made them.

- Made in USA
- Full product offering €" 234 ratings available!
- 60,000 hours operating life
- Meets the rigorous EIA-456-A industry standard for performance and quality
- Eye-catching packaging for retail environment
- Contains metallized polypropylene film technology for self-restoration in the event of a breakdown
- Sophisticated UL-approved pressure sensitive interrupter to remove the capacitor from circuit at end of life
- Patented, environmentally-friendly oil prevents corrosion and aids in optimum heat transfer

Descaler

RYDLYME descaler is the ONLY product of its kind that is truly non-toxic and non-hazardous! Unlike other chemical descalers and traditional harsh acids, RYDLYME descaler can be safely handled by personnel (you can even hold it in your hand without injury!) and there are NO transportation or handling restrictions! It can be safely disposed in normal plant sewers, even in the case of an accidental spill at full concentration! RYDLYME descaler is certified by an EPA-approved testing laboratory as a fully biodegradable and environmentally non-hazardous chemical, even at 100% concentration WITHOUT neutralization! While other chemical descalers claim to be biodegradable, it does not equate to overall safety. In fact, some of them are classified as hazardous chemicals and have special handling requirements.
