## Window HP/Room Air Thermostat

Smart AC Controller for Room air-conditioners (Smart WiFi Thermostat for Mini-Split, Window & Portable ACs & Heat Pumps). Display: 3.75 inches LCD. On-device touch control for power ON/OFF, temperature, mode, Presets, fan, louver control etc. Powering Up: 5V power adapter included in the box. Can also be powered up like a thermostat using 24V AC or DC connections. Accessories: Free Table Stand Included in the Box.

### Features

- Smart Home Compatibility: Alexa, Google, Siri, SmartThings, IFTTT & Cielo Linked.
- App Control: Free Smartphone App (No subscription fees).

Item ID	Price
CIEBM102WA	

## Edge Heat Pumps

The Edge Series side discharge inverter heat pumps pair with both legacy IDS and new Edge Indoor units. They are available as a Regular (5 Deg F) or Max Performance (-22 Deg F) Heat Pump.

- A key distinction is you CAN pair Edge Heat Pumps with legacy IDS Premium (BIVB-XXXX-M20X) air handlers, legacy cased coils (BMAC), or Bosch BGH97 Furnaces to create single zone systems ONLY.
- Or pair with the NEW Edge air handlers to create multizone VRF (Variable Refrigerant Flow) systems. **You CAN NOT mix legacy items with Edge items in a VRF system.**

\*If paired with Bosch furnaces/air handler no additional mitigation controls are required. If paired with another brands furnace an IDS Shut off Device is required 8-733-940-36.

## GrenTronic 7000T Hybrid

Efficient heat pump technology integrated into an electric storage water heater.

- 3-4 times more efficient than a traditional electric water heater
- Available in 50 and 80 Gallons
- Perfect replacement for electric storage water heaters
- Eligible for 25C tax credit and other state and utility rebates
