Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR criteria. Ask your contractor for details or visit www.energystar.gov.

TITAN HD[®]

Packard

Titan HD[®] capacitors are built in the USA to the toughest international standards and meet all industry regulatory approvals.

- Manufactured using state-of-the-art, metalized polypropylene film technology for self-restoration in the event of a breakdown.
- Sophisticated UL-approved pressure sensitive interrupter to remove the capacitor from the circuit at end of life.
- Patented, environmentally-friendly oil prevents corrosion and aids in optimum heat transfer.

Voltage (AC,60Hz)	Up to 440VAC
Capacitance Range	2µF-100µF
Standard Tolerance	±5%
Capacitance Variation Through Life	±2%
Dissipation Factor 60Hz@25°C	0.10% Max
Storage Temperature	-40°C to 90°C
Operating Temperature	-40°C to 70°C
Life Expectancy	94% survival after 60,000 Hrs

Titan HD Capacitor Offering:

- Single and Dual Sections
- Round and Oval sizes
- Voltage: 370 or 440

BOSCH
Invented for life

Bosch Inverter Drive Technology Provides
**Maximum Comfort,
Minimum Energy!**

Bosch Inverter Ducted Split Family

The Bosch Inverter Ducted Split Family provides supremely-efficient comfort by adjusting compressor capacity rather than a simple on/off control like other units, thereby reducing operating costs and saving you money. With enhanced humidity control and higher efficiency, the performance of the Bosch IDS Family provides you with maximum comfort with minimal energy usage! Our system's intelligent features work in tandem with your thermostat to automatically adjust to your preferences, while integrated sound dampening features keep the equipment quiet for your peace of mind.

15 SEER System IDS Light

- ▶ The first 15-SEER Inverter condenser on the market.
- ▶ With IDS Light, you get the comfort of our inverter system at a price point you'll love!
- ▶ This system combines the standard efficiency BOVA15 outdoor unit with our BVA15 fixed-speed air handler.

18 SEER System IDS Plus

- ▶ Our most popular system, the IDS Plus, provides the perfect balance of efficiency and comfort, without breaking the bank.
- ▶ This system combines the efficient and reliable BOVB18 outdoor unit with our exceptional BVA20 two stage constant torque ECM style air handler.

20 SEER System IDS Premium

- ▶ Qualify for maximum energy rebates and save the most on energy costs with our highest efficiency offering: IDS Premium.®
- ▶ This system combines our top tier BOVA20 outdoor unit with our exceptional BVA20 two stage constant torque ECM style air handler.

20 SEER System IDS Premium Connected™

- ▶ Provides the same premium 20-plus SEER energy efficiency.
- ▶ Features wireless connectivity.
- ▶ The Bosch EasyAir app enables in-app product registration, simplifies installation and troubleshooting, and allows remote monitoring of energy usage as well as critical alerts.

Clean Connect™ Sprayer

Honeywell Home

Humidifiers

Proper humidity provides a more comfortable living environment at a lower temperature, so you can turn down your thermostat for energy savings. Enhance and protect your home with a Honeywell Home Whole-Home Humidifier.

145⁰⁰ MHHE105A1000

Media Air Cleaners

Honeywell Home Media Air Cleaner can capture a significant amount of airborne microscopic particles, like dust and smoke, plus larger contaminants such as mold spores and pet dander. It lasts 4 times longer than a standard one-inch furnace filter.

80⁰⁰ MHF100F1625

AprilAire

Humidifier Water Panels

AP35

The panel is constructed of an expanded aluminum honeycomb mesh, which is dipped in a clay coating. This product serves as a replacement for most AprilAire humidifiers as well as many other popular brands and models.

10³¹

UV Air Cleaner Bulb

FI46365401

12" replacement lamp for use with Field Controls UV-Aire Purification System (FIUV-12). Tests show that UVs have a significant effect on airborne germs in the home by killing up to 99.9% of existing mold, mildew, and airborne viruses.
