On-Site and Online Training

We believe that a key component to any successful business is knowing the product. To that end, we offer training on products we supply by those who know these products the very best — the manufacturers, engineers, instructors, and other experts.

Winstel Controls is an **Authorized Training Center** for Continuing Education Units in Ohio, Kentucky, and NATE

Calibration and Repair

We Calibrate and Repair **digital and analog Backflow Testers** in our Nicholson Lab facility in Cincinnati. Nicholson Lab is the factory-authorized recalibration center for the widely popular **Watts** line of backflow preventer test kits. We also work on other backflow testers such as **Mid-West, Duke and Conbraco**. All of our recalibrations are performed on GE Druck instruments.

We also Recalibrate all brands of Combustion Analyzers.

All work performed in our factory-authorized labs located in Cincinnati

Track every pump under your management from an online click; location, building, room, pump type, make, model, size, ID, maintenance, and more.

We Buy & Sell Radiators

New and Used Radiators always in Stock

Free Controls Testing

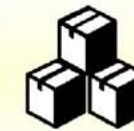

We are capable of testing a number of controls in-house to diagnose potential problems or pinpoint defective components. As an authorized **Honeywell 7800** dealer and a preferred **Fireye** dealer, we have always felt a responsibility to offer these services to our customers.

Sheet Metal Shop

Quick turnaround on Custom Orders

Investing in the Future

Expanded Inventory: We recently expanded our inventory by over \$1M to add new lines, more brands, new sizes, and more selection for our customers.

New Delivery Options: With the usual UPS, FedEx and USPS, we are now adding Box Trucks and Flatbeds with liftgates, along with our Vans, for quick and efficient delivery.

Barcoded Warehouse: To facilitate the movement of inventory in and out the door, we have added tens of thousands of dollars worth of new barcode technology in our warehouses.
