

HEATING & AIR CONDITIONING

Coleman® LX Series Split System Heat Pumps

14 SEER/1.5-5 TONS

Trusted for generations

For over 100 years, the Coleman® name has been synonymous with rugged reliability and world-renowned quality. Our line of heating and cooling solutions is no different. Since 1958, Coleman® HVAC has provided world-class home comfort systems that stand the test of time. We're confident that our LX Series Split System heat pumps will do the same. Count on unmatched comfort, time-tested performance and exceptional energy savings backed by quality manufacturing in our own North American factories. It's what has made Coleman® HVAC a preferred choice of contractors and homeowners for generations.

Coleman® LX Series Split System Heat Pumps

- 1 Reliable operation with robust compressor** technology proven in our extreme, 5-year accelerated test facility.
- 2 Reliable cold-weather operation** is ensured by a demand defrost feature that minimizes heat pump operation, removing frost on the outdoor coil far more effectively than timer methods.
- 3 Long-lasting, powder coat paint** provides a durable, automotive-quality finish that looks great, even after years of outdoor exposure.
- 4 Durable steel coil guards** provide protection against coil damage.
- 5 Quiet, direct-drive fan design** minimizes vibration and noise.
- 6 Efficient heat transfer** with optimized coils for effective airflow and refrigerant circulation.

Rugged reliability

Proven performance

More than 125,000 hours of system research, 5 years of accelerated field testing and extreme weather testing from +140°F to -10°F ensure reliable performance for years to come.

Quality backing

Tried-and-true quality control and assembly processes backed by the manufacturing expertise of Johnson Controls and the iconic Coleman® HVAC name.

Improved efficiency

Matched components use less energy without impacting performance.

Space and budget friendly

Small-footprint cabinets deliver big performance to meet your space and budget needs.

Environmentally safe

We use R-410A, a refrigerant that doesn't deplete the ozone layer, to ensure your system is safe for the environment.

Installation excellence

Our skilled contractors are trained to deliver high quality comfort and performance you can trust.

Quality is home grown

You need an HVAC system that keeps up with you. Coleman® air conditioners and heaters are adaptable to even the most punishing climates – and we prove it right here in our North American factories. We put our systems through extreme weather temperatures and corrosive environments to ensure that your system is built for the long haul. But don't just take our word for it. Take the word of those who have trusted the Coleman® name for decades.

Save more with a precisely matched indoor air handler or evaporator coil, indoor air quality options and controls that deliver optimum system efficiency and comfort.

LX Series TH4 Split System Heat Pumps 208/230-1-60

MODEL	TONS	SEER	HSPF	COOLING BTUH (nominal)
