

LX Series Heat Pumps with R-410A Refrigerant

THJD Model 14 SEER

Comfort for all the times of your life

Comfort with a conscience

Now you can feel as good about the environment as you do about your home. That's because this Coleman® HVAC model is available with an advanced refrigerant—R-410A—that's safer for the atmosphere.

Reliability you can trust

Count on the engineers of Coleman® HVAC comfort equipment to use a more reliable compressor and fewer moving parts. The result is a system that lasts longer and comes with a stronger warranty.

Feel like a welcome neighbor

The attractive, slimmer design of your Coleman® HVAC unit will complement your home's exterior. And its quiet operation will fit nicely into your neighborhood.

Raise comfort, reduce noise

Enjoy the peace and quiet that comes with a quieter upflow air flow pattern, a sound-isolated motor, a rigid top panel, and cushioned compressor

One of the quietest sounds around your home

mounts that dampen vibrations.

Coleman® LX Series

Savings you can see

Advanced LX model heat pumps double efficiency over many older units. Factor in higher reliability and reduced service costs, and an LX model purchase pays for itself fast.

To use the map and chart:

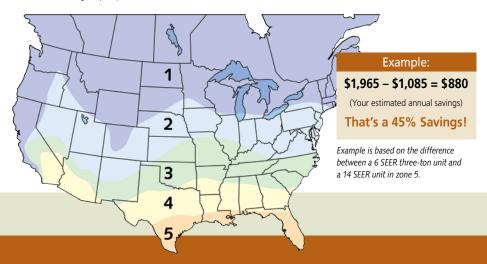

First, determine the SEER of your current system. Then using the map, find your zone. Cross-reference your zone and SEER in the table to determine your approximate operating cost. Take the difference between your current cost and that of a new, more efficient system to learn your estimated annual savings.

Seasonal Energy Efficiency Ratio (SEER) is a measure of aircooling efficiency. The government's minimum rating for new air conditioning systems is 14 SEER.

Heating Seasonal Performance Factor (HSPF) is a measure of air-heating efficiency. A higher HSPF rating indicates a more energy efficient unit.

Cooling/Heating Efficiencies	Approximate Annual Cooling/Heating Operating Costs					
SEER/HSPF	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5	
6/6.0	\$2,036	\$1,888	\$1,954	\$1,945	\$1,965	
8/6.5	\$1,796	\$1,637	\$1,660	\$1,646	\$1,578	
10/7.5	\$1,533	\$1,388	\$1,461	\$1,445	\$1,300	
12/8.0	\$1,407	\$1,262	\$1,258	\$1,243	\$1,134	
14/8.2	\$1,390	\$1,240	\$1,227	\$1,213	\$1,085	
16/9.0	\$1,168	\$1,030	\$1,010	\$ 979	\$ 867	

(Based on 2005 DOE national average price for electricity [0.0945/kwh]. Assuming the use of 36,000 BTU nominal capacity. Cooling based on Bin data. Operating cost based on 2,100 sq. ft. and occupancy of 4 people. Actual savings may vary.)

Rugged, reliable product design

Accumulator regulates differing refrigeration needs of heating and cooling cycles

Coated-aluminum fins with copper tube coils look great and provide durable, efficient operation

> Compressor is protected from high pressure and temperature for durability

> > Stylish cabinet looks good in your neighborhood

High-pressure relief valve and solid core filter drier extends life of compressor

Reversing valve regulates change from cooling to heating cycle

Filter drier provides extra protection to the refrigerant system from moisture, dirt and other contaminants

R-410A refrigerant provides advanced performance for your home and the environment

Warrantied for years of comfort

Every Coleman® HVAC system is backed with the best limited warranties available:

Standard Warranty

5 years on parts,* 10 years on compressor.

*Extended 10-year limited parts warranty requires online registration within 90 days of installation. Otherwise, the warranty reverts to a 5-year limited parts warranty. The 10-year limited parts warranty does not apply to R-22 models, three-phase models or internet sales. Please see Limited Warranty certificate in User's Manual for details.

Three-phase models have a 1-year parts and a 5-year compressor warranty.

Financing plans that feel right

Ask your Coleman® HVAC Contractor about special financing options. Applying is easy, and upon approval, you'll enjoy low monthly payments and financing offers.

How comfortable is your wallet?

By matching your Coleman® HVAC system with Coleman® HVAC variablespeed air handlers and furnaces, you will maximize energy efficiency and likely qualify for various rebates.

about rebates offered in your area. And ask about Coleman® HVAC fans, filters, IAQ equipment and advanced controls to complete your system. Talking to your contractor will keep you informed, save you money and time, and protect your family's health—all part of Coleman® HVAC Comfort.
