R3 AC LEAK REPAIR QUICK SERVICE KIT

R3-AC Leak Repair® will stop leaks of refrigerant gas in air conditioning and refrigeration systems and is compatible with all refrigerants and refrigeration lubricants. It is polymer-free, tested to be non-clogging to the A/C compressor and recovery equipment - it's a permanent fix. Repair - Restore - Reveal.

Features/Benefits

- All-In-One
- Quick Sealing Small Leak Repair
- Lubricator
- Conditioner
- Seals Multiple Leaks
- Extends System Life and Quiets Noisy Compressor
- UV Dye to Reveal Larger Leaks Needing Repair
- Seals Existing Leaks in Condensers, Evaporators, Hoses, Gaskets and O-Rings
- Renews O-Ring and Seal Elasticity
- Lubricates Moving Metal Parts
- Prevents Future Leaks

R3 Quantity Chart for System Injection

One injector unit contains 2 oz. (59ml) of R3

RESIDENTIAL AC	
TONS	INJECTOR UNIT(S) (2 OZ.)
1-6	1
7-12	2
13-19	3
20-26	4

*For Automotive Use: Remove 1 oz. of oil from system and replace with 1 oz. of R3. 1/2 injector unit.

Will R3-AC LEAK REPAIR fix my leak?

In general, R3 is designed to seal an AC system that has slow leaks losing refrigerant over time. Maximum leak size approximately 0.50 mm. The system must be able to hold a vacuum on the low side for 15 minutes, at a minimum. If the vacuum leaks out or changes, the hole is too large to be sealed and mechanical repairs may be needed.

R3-AC Leak Repair® extends system life and quiets a noisy compressor. It improves system lubrication up to 1200% and reduces energy consumption. It also improves efficiency of older AC systems.
